OPERATION AND MAINTENANCE SERVICES CONTRACT FOR
FOUR (4) LIFTS OF HYUNDAI BRAND CAPACITY 2X 750 KG & 2X1000 KG
INSTALLED AT NBP G-5/1 BUILDING, ISLAMABAD.

GENERAL TERMS AND CONDITIONS

1. The contract shall be awarded for a period of one (01) year. The contract will be initially for One Year, which can be extended further with mutual consent. The contract may be terminated by a written notice of the intention not to renew the agreement by either party with one month notice during the agreement period.
2. The employer will facilitate the working of the contractor by providing adequate facility particularly a telephone extension from the existing intercom system during working hours for easy communication by the contractor's official with the concerned officials of National Bank of Pakistan.
3. The contractor will operate the lifts smoothly as under: -

Operations time of the following four vertical lifts with deputation of One experience and professional lift technician

- a) Hyundai passenger lifts of nominal capacity of 1000 Kg (13 persons) 02 Nos.
- b) Hyundai Scenic lifts of nominal capacity 750 Kg (10 persons) 02 Nos.

Operation Time

Monday to Friday	From 8:30 A.M. To 6:30 P.M.
Saturday, Sunday	On call basis
on public holiday	On call basis

Note: The rates should include keeping in view above operations times of the two lifts.

- a) The contractor will submit a complete, list of material required for the operation and servicing of the lifts and for the annual maintenance and overhauling, time to the employer for their procurement for local material.
- b) In case the Employer instructs the contractor to supply such items, the contractor will charge 10% as handling charges plus 6% withholding tax to cover the procurement expenses. The bill of the contractor will be supported by the cash memos or bills of the suppliers for the purchased items.
4. The contractor will be required to physically check the engineering stores of the employer to determine the availability of imported and indigenous spare parts. If any additional spare parts are required, the contractor will submit a list of the same to the employer giving one year's time for procurement of imported spare parts and four months times for indigenous spare parts.
5. a) The contractor will engage experienced and qualified staff for the operation servicing and maintenance of the lifts that will work exclusively in the building and shall not be diverted to the contractor's other installations. The staff must remain at the site of work during the operation & maintenance of lifts.
b) The contractor shall depute additional staff as required from his central workshop for carrying out the work of servicing and maintenance, particularly routine servicing, maintenance and overhauling without any extra cost.
c) The contractor shall arrange periodic site visits of his senior Engineer from his Head Office to check the operation of the lifts and the servicing, maintenance and overhauling work carried out by his staff. The contractor will submit the inspection report to the Employer in first week of every quarter for the preceding quarter specifically pointing out any deficiency / shortcomings.
6. The contractor will ensure that the spare parts etc. are replaced only when it is considered essential. Maximum care would be exercised for economy and all efforts should be made to repair the old part for its reuse. New part should only be substituted when the old part cannot be satisfactorily repaired.
7. The contractor may carry out the servicing of the lifts on working day. The contractor's supervisor Engineer shall inform the employer's Representative two days before regarding the servicing work to be carried out on working day so that the Employer's representative can arrange necessary security and access for the contractor's staff.
8. The contractor must ensure the proper functioning of the lifts. In case of unsatisfactory functioning or failure of the lifts on account of negligence of contractor of which the Employer shall be the sole judge, the employer shall have the right to terminate the Agreement by giving a written notice of one month.
9. In case any equipment or parts of the lifts are damaged or destroyed as a result of negligence on the parts of the contractor, his agent or employees, the contractor shall be liable to pay for rectification and making good of all such damages or losses.

For Bidder (STAMP & SIGN)

National Bank of Pakistan
Engineering Wing (North) LCMG
G-5/1 Building, Islamabad

10. The employer reserves the right to make deduction for the period of interrupted operation of the lifts on pro- rata basis where the cause of interruption is attributable to the negligence of the contractor, of which the employer shall be the sole judge.
11. For the execution of this contract, the Employer shall be represented by the Head of Electrical / HVAC (Mech) of the employer (herein nominated by the employer for this purpose and notified in writing to the contractor for operation & maintenance of lifts).
12. The contractor must ensure good behavior by his staff and the contractor's supervisor Engineer should liaison with and follow the instructions of the Employer's Representative, particularly regarding the entry of the contractor's staff to the building occupied areas for operation & maintenance of lifts.
13. a) The employer's representative may instruct the contractor's supervisor Engineer to operate the lifts (i) beyond normal hours on a working day or (ii) on a Sunday or public Holiday by giving notice two days before the holiday. Contractor's supervisor Engineer will take certificate in writing from the Employer's Representative regarding the date and the period of the additional operation.
14. The contractor should submit his bill to the Employer's representative during 1st week of every month for the work carried out during the preceding month, payments shall normally be made within 21 days of the submission of the Bill.

SCHEDULE NO.1
